

MAX ASSOCIATION FAMILY FORUM WITH DEPUTY SECRETARY NANCY THALER

MOVING AGENCIES TOWARD EXCELLENCE

No doubt about it, there are a lot of changes that will impact services for individuals with ID/DD. The maze of changes in service definitions, waiver renewals, rate rebasing, fiscal code revisions and the community rule will change the landscape of services in the field of intellectual disabilities. MAX Association is offering an opportunity for families to come and get informed about these changes and how it may impact their loved one.

Nancy Thaler, Deputy Secretary of the Office of Developmental Programs will present information about these changes and what families may expect in the future. There will be time for questions and answers.

MAX members can invite families in their network. RSVPs are required through members contacting MAX with names of staff and families attending. RSVP to Diane Conway at Dconway@Maxassociation.org
